Miniature Goldendoodle Puppies

Mum to the puppies is our Miniature Goldendoodle. Dad is a Miniature Poodle. These puppies should be around 13-15 inches tall and weigh around 11-14 kg. These puppies will be true miniature-size Goldendoodles when adults.

These puppies will shed very little fur. But do remember all dogs shed some fur!!

NO FULL-TIME WORKERS AND PLEASE PLEASE BE 100% SURE THAT ALL OF YOU IN THE FAMILY ARE IN AGREEMENT WITH GETTING A NEW PUPPY, YOU ARE HAPPY WITH THE SIZE THE PUPPY WILL GROW, AND ALSO HAPPY WITH THE BREED. NO TIMEWASTERS PLEASE AS TIME SPENT EMAILING AND SENDING VIDEOS IS TIME I COULD SPEND WITH MUMS AND PUPPIES. THANK YOU.

Puppies are hard work. Be aware they will chew, poo, and pee a lot, anywhere and everywhere. Also, someone should be around most of the time while they are young.

I have always found that the smallest at birth stay small and the largest stay the largest out of the litter when fully grown. Remember this when choosing your puppy !!!!!!!

All parents are family pets and live in the family home. Mum is easygoing and happy to please you. Dad is very similar in personality to Mum. They also both like a run/walk and then happy to laze around. So this is a great combination, that should produce loving, playful, calm, and healthy little puppies. Puppies will be born and raised in our kitchen or living room.

Mum and Dad have been DNA health checked (for their breed) ALL CLEAR before becoming parents, and their parents were also health checked.

I provide my adult dogs and puppies with love stimulation and socializing, which they need and deserve. My dogs are family pets foremost, which means they live in the family home. I love my dogs and their new puppies, so finding the puppies loving homes is my top priority.
